

**Step 1:** Open the package Carefully tear open the individual packaging of the alcohol swab.

Make sure the package is fully opened for easy access to the wipe.

**Step 2:** Take the wipe Carefully remove the alcohol wipe from the packaging. Make sure you do not accidentally touch the cloth with unwashed hands.

**Step 3:** Cleaning Use the alcohol wipe to thoroughly wipe the surface to be cleaned. Bring light pressure and make sure the whole area is treated.

**Step 4:** Allow to dry Allow the cleaned surface to dry completely before touching it again. This minimizes the risk of re-infestation.

**Step 5:** Safe Disposal Dispose of the used alcohol wipe in the appropriate waste bin. Make sure the wipe is completely drained to reduce environmental impact.

**Warning:**

- For external use only. Avoid contact with eyes and mouth.
- Do not use on sensitive skin areas.
- Keep out of reach of children.
- Keep the product away from open flames.
