

1. Point the SURGISEAL Stylus™ applicator towards the ceiling and away from the patient. Press the button of the applicator upward.

2. Invert the applicator and allow the adhesive to flow through the tip. No squeezing is necessary in normal application.

*If you require greater flow, you may squeeze the ridged portion of the applicator.*

3. Hold the wound together & apply in two layers. Allow 30 seconds of dry time between layers.
